## T10 Xénon

10X26mm W2.1X9.5D

### Fiche produit:

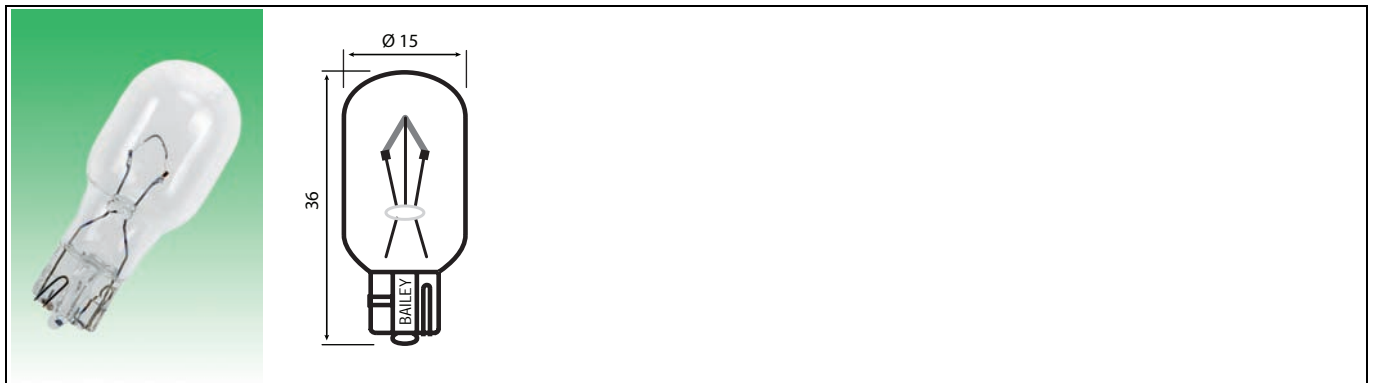

Les wedge au xénon, contrairement à d'autres lampes wedge, sont conçues pour répondre aux besoins des applications d'éclairage général. Les défauts de la lampe wedge traditionnelle utilisée dans l'éclairage général (durée de vie de la lampe, température de couleur, de chaleur et de sécurité) ont été améliorés. Les lampes wedge au xénon sont ainsi idéales pour les applications d'éclairage de marches d'escaliers, de rampes, résidentiel, cabinet et l'éclairage vitrine.
