GE Consumer & Industrial provides a broad range of products and services throughout the world, including appliances, lighting and electrical distribution solutions.

Providing solutions for commercial, industrial and residential use in more than 100 countries, GE Consumer & Industrial uses innovative technologies and "Ecoimagination", a GE initiative to aggressively bring to market new technologies that help customers and consumers meet pressing environmental challenges.

GE Lighting - a division of GE Consumer & Industrial - is one of the largest suppliers of light sources in the world. We provide state-of-the-art technology and are able to offer a full range of incandescent lamps, Fluorescent lighting products, Halogen, HID, Compact fluorescent and Automotive lamps.

GE has played a leading role in Automotive Lighting for many years. Nowadays we are able to offer a full range of vehicle lamps operating on either 12V or 24V systems. The automotive product range produced in Europe - which is included in this catalogue - is sold all over the world, both for original equipment use and for use in the aftermarket. Upon request a separate catalogue is available on the GE Lighting North American Automotive range.

GE Consumer et Industrial fournit une gamme très large de produits et de services dans le monde, comme des appareils électroménagers, des produits et des solutions pour l'éclairage et la distribution de courant électrique.

Ces produits et solutions sont vendus dans plus de 100 pays pour les marchés du secteur secondaire et tertiaire, ainsi que pour celui de la consommation en utilisant des process innovants.

"Ecoimagination" est une initiative de GE pour apporter des nouvelles technologies sur le marché d'une façon dynamique pour aider ses clients et les consommateurs à gagner face aux défis environnementaux. GE Lighting - une des divisions de GE Consumer et Industrial - est un des plus importants fabricants de sources d'éclairage dans le monde fournissant des produits les plus modernes dans une gamme très large des lampes à incandescence, les tubes fluo, des lampes halogène et fluo-compactes, les lampes à décharge et les lampes auto.

GE a joué un rôle important dans le domaine de l'éclairage automobile dès le début et offre une gamme très large en 12V et 24V. Ces sont les lampes destinées à l'Europe qui sont présentées dans ce catalogue mais vous pouvez avoir - sur demande - un catalogue spécial pour les lampes du marché nord-américain. Les lampes figurant dans ces catalogues sont vendues mondialement aussi bien pour la première monte que pour le marché de la rechange.

GE Consumer & Industrial bietet Ihnen eine weltweit breite Palette von Produkten und Dienstleistungen für Haushaltsgeräte, Beleuchtung und elektrische Verteilersysteme an. GE Consumer & Industrial bietet Lösungen für Gewerbe, Industrie und private Haushalte in mehr als 100 Ländern. GE Consumer & Industrial bietet innovative Technologie und "Ecoimagination", eine Initiative von GE, um mit neuen Technologien die Herausforderungen für eine saubere Umwelt zu meistern.

GE Lighting - ein Teil von GE Consumer & Industrial - ist einer der größten Hersteller von Lichtquellen mit modernster Technologie und bietet das gesamte Spektrum an Glüh-, Halogen-, Leuchtstoff-, Kompaktleuchtstoff- und Gasentladungslampen einschließlich Automobilbeleuchtung.

GE hatte von Anfang an eine führende Rolle in der Automobilbeleuchtung und bietet heute ein breites Spektrum im 12V und 24V Segment, sowohl für die Erstausrüstung als auch für den Aftermarket. Die Produktpalette für Automobilbeleuchtung in diesem Katalog wird überwiegend in Europa hergestellt. Auf Anfrage senden wir gerne einen Katalog von GE Lighting Nord Amerika für die Automobilbeleuchtung.

GE Consumer & Industrial ofrece una amplia gama de productos y servicios en todo el mundo, incluyendo electrodomésticos, iluminación y distribución de soluciones para electricidad. A la vez también proporciona soluciones para empresas comerciales, industriales así como de hogar en más de 100 países.

GE Consumer & Industrial utiliza tecnologías innovadoras, y entre ellas está "Ecoimagination", una iniciativa de GE que pretende introducir en el mercado nuevas tecnologías que puedan ayudar a los clientes y consumidores a realizar cambios importantes y de mejora en el medio ambiente.

GE Lighting - una de las divisiones de GE Consumer & Industrial - es uno de los más importantes proveedores de fuentes de luz en el mundo con la tecnología más avanzada, ofreciendo una gama completa de lámparas incandescentes, así como productos de iluminación fluorescente, halógenas, HID, fluorescencia compacta y lámparas de automoción.

GE ha desempeñado desde su inicio un papel de liderazgo en la iluminación del automóvil. Actualmente estamos ofreciendo una gama completa de lámparas para automoción en 12V y 24V. La gama de productos para automoción que fabricamos - y que se incluye en el presente catálogo - se vende en todo el mundo tanto para uso en equipo original (primer equipo OEM) así como para el mercado del recambio (AM). También disponemos de un catálogo, que bajo solicitud, podrá comprobar nuestra gama de disponibilidad en lámparas de automoción GE Lighting para el mercado de Norte América.

GE Consumer & Industrial fornisce una vasta gamma di prodotti e servizi in tutto il mondo, compresi gli elettrodomestici, e soluzioni per l'illuminazione e la distribuzione dell'energia elettrica. Fornisce soluzioni per l'uso in attività commerciali, industriali e residenziali, in più di 100 paesi; GE Consumer & Industrial utilizza tecnologie innovative ed "Ecoimagination", una aggressiva iniziativa di GE per portare sul mercato nuove tecnologie che aiutino i clienti ed i consumatori a soddisfare le nuove sfide a tutela dell'ambiente.

GE Lighting - una divisione di GE Consumer & Industrial - è uno dei maggiori fornitori di sorgenti luminose nel mondo, grazie ad una elevata tecnologia, offre una gamma completa di lampade ad incandescenza, lampade fluorescenti, Alogene, HID, fluorescenti compatte e lampade Auto.

GE che da sempre svolge un ruolo importante nel mercato "lighting automotive", oggi offre una gamma completa di lampade per auto in 12V e 24V. La gamma di prodotti, fabbricati in Europa, inclusa nel presente catalogo - è venduta in tutto il mondo, sia per il mercato del primo equipaggiamento (OEM) che per il mercato del ricambio. Su richiesta, è disponibile anche un catalogo di lampade auto GE per il mercato nord-americano.

Certification

The company is on the Approval list of many of the worlds car manufacturers, where quality and performance are key measurements. The reliability and quality of automotive lamps is ensured by:

- Computer-managed and controlled design process
- Fully automated production lines
- High level of quality assurance system
- Continued investment programs
- A commitment to continuous improvement

Nos lampes figurent dans les références en homologation de beaucoup de constructeurs dans le monde qui est une reconnaissance de leur qualité et de leur performance. La fiabilité et la qualité sont assurées

- par un procédé de fabrication assisté et contrôlé par ordinateur
- par des lignes de fabrication automatiques
- et par un système de qualité de haut niveau

Unser Unternehmen befindet sich auf den meisten Freigabelisten der weltweiten Automobilindustrie, dort wird der Schwerpunkt auf Qualität und Leistungsfähigkeit gesetzt. Die verlässliche Qualität der Automobil Lampen wird erreicht durch

- computergestützte 100% Qualitätskontrolle
- vollautomatische Produktionsverfahren
- hochentwickelte Qualitätssicherungssysteme

Nuestra compañía está Homologada en la mayoría de fabricantes de automóviles en el ámbito mundial, lo que significa que las medidas de calidad son claves. La fiabilidad en la calidad de nuestras lámparas de automoción está garantizada por:

- Control total del diseño de proceso por ordenador.
- Líneas de producción totalmente automáticas.
- Los más estrictos controles de calidad.

L'azienda ed i suoi prodotti sono omologati dai principali costruttori di automobili di tutto il mondo per i quali la qualità e le prestazioni sono parametri fondamentali. L'affidabilità e qualità delle nostre lampade auto sono garantite da:

- Controllo egstione computerizzata totale del processo di sviluppo del prodotto
- linee di produzione completamente automatizzate
- elevato livello di sistema di garanzia della qualità.

ISO 9001, ISO TS 16949 and ISO 14001 quality system certification

ECE compliance, homologation

Global OEM customer base

EoLV, ROHS compliance

Top performance

Xensation GE D1S, D2S, D2R - Automotive discharge headlight lamps

Thanks to our latest lighting technology, GE Xensation lamps provide a major leap in road safety over conventional halogen lamps due to enormous increase in the illuminated field of vision. See the comparative light charts and photos below.

Halogen headlight lamps

lighting your way...

As well as the basic range, GE automotive also offers the premium range, based on special lamp designs. The premium range includes: Extra Life, Megalight Plus, Megalight Ultra, Rally, Sportlight. The premium lamps have additional benefits in terms of life, colour, vibration resistance or wattage.

The premium lamps are also E1 marked, making their use on the EU roads possible, with the exception of Rally lamps that were designed for off-road usage.

Extra life lamps have enhanced life, Megalight Plus and Ultra lamps possess increased luminance, Sportlight halogen lamps give intense blue-white light.

Colour temperature-luminance-life comparisons for the premium range.

better economy for daytime lighting

Rally
for off-road use only

GE "Reliable" range
quality- performance
fully replacable with OEM lamps

Operational voltage is a critical parameter influencing the life time of the automotive lamps. The life of the lamp is sensitive to the operation voltage of the car, 1% of change of the voltage results in 12-15% change of life with opposite sign.

Megalight Ultra

Up to 90% more light on the road

High performance lamps for visibility, convenience and style

- Improved driving performance at night
- Most intense and powerful lamp, in terms of luminance, for safer driving

Jusqu'à 90% plus de lumière sur la route

Lampes à haute performance pour le confort visuel et style

- Meilleure performance de conduite dans la nuit
- La lampe la plus intense en termes de luminance pour une conduite plus sécurisée

Fino al 90% di luce in più sulla strada:

lampade ad alta prestazione in termini di visibilità, convenienza e stile

- Migliori prestazioni di guida durante la notte
- Lampada più intensa e più potente, in termini di luminosità, per una guida più sicura

Hasta un 90% más de luz en carretera

Alto rendimiento. Lámparas que aúnan visibilidad, comodidad y estilo

- Para una mejor conducción nocturna
- La lámpara más intensa y potente en cuanto a intensidad lumínica, para una conducción más segura

Bis zu 90% mehr Licht auf der Straße

Verbessern Sie Ihr Fahrverhalten durch stressfreies Sehen, dank des helleren Lichtes

- Verbesserte Sicht bei Nacht
- Die intensivste und leistungsstärkste Lampe in bezug auf Helligkeit und Fahrsicherheit

New GE auto aftermarket pack concept

GE Lighting – has been a leading supplier to Automotive OEM and Aftermarket customers throughout the world for many decades. We continue our pioneering work to offer advanced solutions and benefits that can fulfill our customers' needs.

Our brand is the symbol of our heritage, and of the quality and trust we have delivered to our customers. It embodies our commitment to anticipate and meet their changing needs. It represents the imagination we use to address those needs in a manner that reflects our values.

As a result of continuous efforts to fulfill our customers' changing needs - GE has developed a new packaging concept. The main objective of our redesigned packaging is to enhance the shopping experience and drive upsell.

Colour coded packages tied directly to POS messaging for easy identification:

STANDARD range - describe the standard categories, D2 discharge, 12V-24V halogen and miniature lamps

PREMIUM range with feature/benefit logo, explain how one product differs from another, and why it is most appropriate for its task - rationalize the move to upsell in the halogen and miniature lamp categories

Standard Packaging

D2 gas discharge lamps

12V halogen and miniature lamps

24V halogen and miniature lamps

Premium Packaging

Our redesigned packaging has the following **advantages**:

GLOBAL: packages reflect a *world view*, display the elements of environmental and regulatory requirements, use multiple languages

TRUSTED: make the purchase easier and clearer, simplified messaging that is repeated on all platforms

PRECISE: package information is clear and states features prominently

APPROACHABLE, SIMPLE: Easy to understand and right for the purchaser, helping them to decide which product is good for them. Provides differentiation between standard range and premium ranges.

GE blister

The diagram illustrates the components of a GE blister pack for an H4 12V 60/55W lamp. Callouts highlight the following features:

- Info circle with simplified nr. that allows quick search/identification in the GE lampguide. Clear and simple information on the specific product**: Points to the '01 H4 12V 60/55W' code.
- description of the lamp function in 8 languages**: Points to the multi-language text block.
- country of origin in 22 languages**: Points to the '01' code.
- safety pictograms**: Points to the bottom-left corner of the blister pack.
- original equipment logo + translation in 8 languages, emphasizing GE OEM presence**: Points to the 'original equipment la qualite d'origine' text.
- lamp drawing with E-mark**: Points to the technical drawing of the lamp and the 'Homologation R37 (E) 10P' label.

Symbols used on the packaging

Do not touch with bare fingers

Operation only in luminaire installations with protective shield

No disposal of as household waste

Don't let children play with bulbs

For removal and installation use appropriate eye protection

No operation of lamps with scratched or damaged glass bulb

Dangerous voltage

Beware of temperature

Installation and servicing of electronic device only by qualified electrical employees

Switch off light before re-lamping

For removal and installation use appropriate gloves

Not suitable for household use

Read attached instructions before use

Use as vehicle lamp 12V or 24V

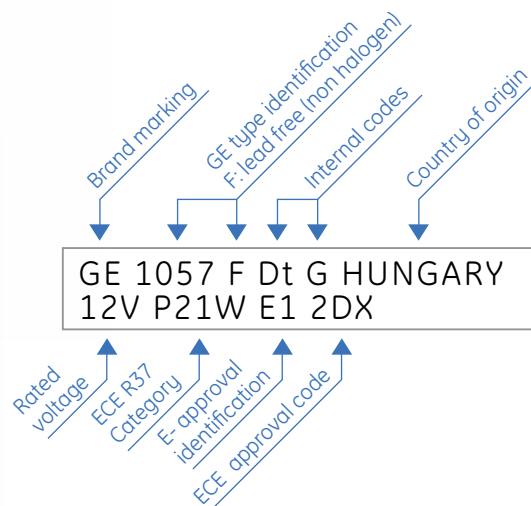

Base stamps on the GE automotive lamps

Halogen auto lamp marking

Miniature auto lamp marking

Lamp bases

GE Lighting is constantly developing and improving its products. For this reason, all product descriptions in this catalogue are intended as a general guide, and we may change specifications from time to time in the interest of product development, without prior notification or public announcement. All descriptions in this publication present only general particulars of the goods to which they refer and shall not form part of any contract. Data in this guide has been obtained in controlled experimental conditions. However, GE Lighting cannot accept any liability arising from the reliance on such data to the extent permitted by law.

All lamp drawings are a guide, if further technical details are required please contact your nearest sales office.

General conditions of sale

GE Lighting products are supplied according to GE's General Conditions of Sale. If you require a copy of these conditions please contact your nearest GE Lighting sales office.

Prices

A price list is available from all GE Lighting sales offices.
